Ear-Hook Stereo Headset

Model
176712

Small and light but big on performance.

The MANHATTAN® Ear-Hook Stereo Headset combines quality stereophonic sound with an adjustable omni-directional condenser microphone in a small, lightweight headset that's ideal for office, home or travel. Listen to music, use it with VoIP or pair with a Web camera to enhance instant messaging and online communications.

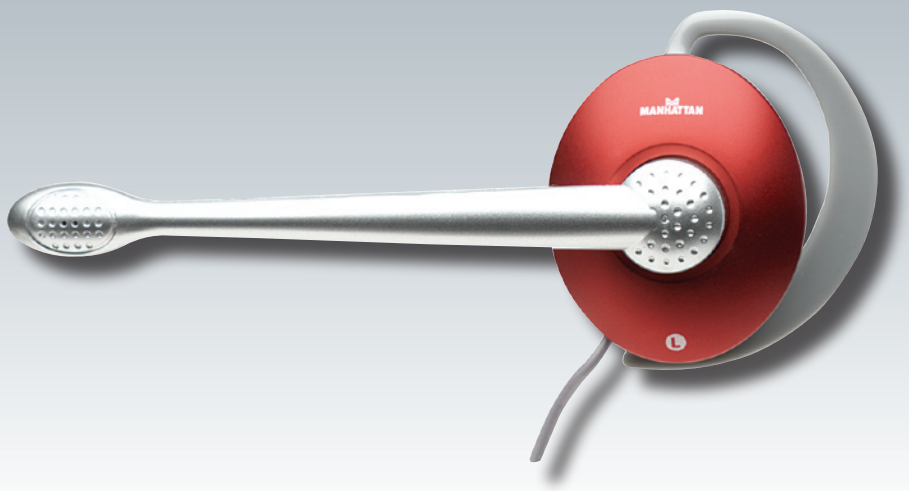
Stylish But Practical Design

Its flexible aorund-the-ear clips and pivot hinge provide a compact, no-nonsense headset that eliminates a heavy, cumbersome headband that can interfere with comfort, hairstyles and jewelry. The convenient in-line volume control adjusts audio preferences to suit most listening environments. An attractive metallic-like accent color coordinates with the silver-gray finish and cable. Color-coded 3.5 mm stereo plugs with strain relief help secure a fast, easy and reliable connection to the media source.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

LIFETIME WARRANTY



LIFETIME WARRANTY

Model
